Always add sufficient to cover cost of sacks. If overpaid we will return difference with your invoice. We charge for sacks as follows: Heavy cotton sacks for clover, timothy, fancy Red Top, rape seed, millet, 35 cents each. Burlap sacks for red top chaff, blue grass, orchard grass, pasture grass, cane seed, cow peas, soy beans, Sudan grass seed, kaffir corn, sunflower seed, oats, rye and barley, 10 cents each. Small cotton sacks, where small lots of seed are ordered (5 to 20 lbs.), 5 cents each.

Note.—In small and broken lots of seeds we are obliged to charge a nominal advance over quoted prices,—this to cover cost of breaking bags and packing.

OUR SEEDS ARE GROWN BY THOROUGHLY RELIABLE GROWERS CAREFULLY TESTED FOR GERMINATION AND SHOULD PROVE ABSOLUTELY SATISFACTORY.

While great care is used to supply every article true to name and of good quality we give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, and will not be in any way responsible for the crop.

On orders for 25 pounds and over and less than 50 pounds, the 50 pound price can be used, provided there are not more than five different kinds of seeds.

On orders for over 60 pounds of seed and not more than 100 pounds, the 100-pound price can be used provided there are not more than seven different kinds of seeds.

FORMALDEHYDE. Used for treating seed potatoes. It will destroy certain smuts of wheat, oats, barley, rye, etc. It has the approval of the U. S. Department of Agriculture. Unavailable. One gallon jug, price, \$2.70. 5 gallon jug, price \$11.25.
